PROJECTS

StoreHealth Development

- Worked on an agile development team during my internship and co-op to create a tool used by thousands of Home Depot associates
- Team won a Best in Technology award for our work

Articulate

- Created a mobile application to help improve public speaking skills using natural language processing
- The project won 1st place at HackTX 2018

PROFESSIONAL EXPERIENCE

Software Engineer Intern/Associate

The Home Depot | Austin, Texas | 2017 – Current

- Used Gulp, Angular, Node, Yeoman, SCSS, JavaScript, and HTML5 to develop a management dashboard
- Optimized back end API calls to support use by thousands of daily users (HTML5, SCSS, Typescript, NodeJS, Gulp, Yeoman, Angular 1.5/4)

Technology Desk - Team Leader

UT Information Technology Office | Austin, Texas | 2015 – 2016

- Provided technical services to students, faculty, and staff
- Managed the team creating the Service Desk Inventory Tool (HTML5, CSS3, JavaScript, PHP, SQL)

Programming Instructor Intern

WonderSpace | Houston, Texas | 2015

- Taught basic and advanced Java programming to high school students
- Created a curriculum covering data structures and OOP concepts (Java)

ORGANIZATIONS

The National Hispanic Institute

NHI is a leading organization that fosters future community leaders for the expanding Latino community throughout the United States.

Hispanic Association of Computer Scientists

HACS creates a strong community of Hispanic students within the Computer Science department to help empower, offer support, and to serve as a professional organization as well as a social one.
